Important-Please stay on the line until you are sure that someone understands the address where help is needed.

NOTICE:

Cellular 911 Calls... When calling 9-1-1 on a cellular phone, be prepared to provide the following information; your name, cellular phone number, nature of the emergency, and the location of the incident. Please note: Your call **may** be answered by a telephone company operator or a 9-1-1 dispatcher outside of your area.

Privacy Considerations...The 9-1-1 emergency telephone number has been developed to quickly summon emergency service in a crisis situation. Callers should realize that when reporting an emergency by dialing 9-1-1, their telephone number, (including non-published numbers) and their address may be automatically displayed on a viewing screen located at the 9-1-1 answering centers and that this call may also be recorded. This display of the calling number and address enables the emergency agency to quickly locate the caller even if the call is disrupted by the crisis.

Callers who do not wish to have their telephone numbers displayed on the viewing screen should report an emergency by dialing the seven-digit telephone number of the appropriate emergency agency.

Notice of Number Delivery Over 800, 888, and other toll-free prefixes and 900 Service...Per line or per-call blocking does not prevent transmission of your telephone number when you call a company using an 800, 888 or 900 number. Therefore, your number may be available to that company's service representative before your call is answered.

CUSTOM CALLING

BLOCKING FOR 900 NUMBERS

Poka Lambro is now providing free blocking to pay-per-call information services. Pay-per-call services include both 1-900 and 976 numbers.

These services are called to obtain credit cards, claim prizes, vote in a variety of opinion polls, etc. The charges for calling these services are often very large. While many of the pay-per-call information services are legitimate and provide useful information, there have been concerns that customers have been misled or deceived.

If you would like access to these services blocked from your phone (900 and 976 numbers), please contact our office at 1-800-422-2387. Your initial request for blocking will be provided free of charge. Subsequent requests will be subject to a service charge.

ADVANCED CALLING FEATURES

***** These Advanced Calling Features are available in all Poka Lambro exchanges. They may not be compatible with all exchanges outside Poka Lambro's serving area.**

CALLER ID SERVICES

Caller ID Services display a callers' name and/or phone number on a customer provided display unit or display telephone. Caller ID Services put you in control of your phone calls. Most names and/or telephone numbers will be displayed after the first ring and many display units will store the date and time of the call.

You may choose to "block" or prevent sending your name and telephone number to Caller ID subscribers.

1. To turn caller ID off dial ***68**.
2. To turn caller ID back on simply dial ***68** again.

If you have a non-published or non-listed number, your number will appear on Caller ID units - unless you choose to block it.

Please note that there are some calls that Caller ID Services will not identify. These could include but are not limited to: cellular calls, certain long distance calls, operator assisted calls, and calls originating in areas where Caller ID is not available.

CALL WAITING ID

Call Waiting ID allows you to receive and view Caller ID information on incoming calls while you are on the phone. It allows you to identify the waiting caller so you can choose whether or not to answer the call.

*****In order to have Call Waiting ID, you must also subscribe to Caller ID service and own a Caller ID Display unit.**

Call Waiting ID functions just like Call Waiting. If you're on the phone and have an incoming call, you will hear a call waiting tone and will be able to view the caller's name and/or number on your Caller ID display unit. The person calling hears ringing - not a busy signal. After viewing the Caller ID information you can choose to either answer the incoming call or ignore it.

To Answer an Incoming Call while on the Phone

Depress and release the receiver hook. This will disconnect the call you were on and connect you to the calling party.

LONG DISTANCE

CHOOSING YOUR LONG DISTANCE COMPANY

You have the option to choose the long distance company you want to handle your 1 + long distance calls placed within the Lubbock LATA and also for calls placed outside the Lubbock LATA.

(See map below)

Here are some things to consider when making your choices:

- What are the company's rates? When are special rate periods, if any?
- How does the company charge for calls? By the minute or portion of a minute? By blocks of time?
- When does the company begin charging for a call? When the call is answered or when it starts ringing?
- Can you make collect or credit card calls?
- Can you make long distance calls away from your home or business and still use your carrier's lines? How?
- How are you billed? Are your charges itemized? Can you be billed through credit card accounts?
- Are there any monthly fees? Is there a minimum charge?
- Does the company offer 24-hour-a-day service?
- Can you make international calls?
- Do you need special telephone equipment?
- Can you call to and from anywhere or just selected cities?
- Will you get credit for bad connections? How?
- Does the company offer access to long distance Directory Assistance? If so, will you be charged for this service? How much?

LONG-DISTANCE RATES

Any service charge for Operator Assistance is in addition to long-distance rates.

These rates do not apply to international calling or to calls placed through long-distance carriers.

Examples shown do not include taxes. Additional minute rates illustrated are approximations due to rounding. Charges are based on rates in effect at the point where the call originates. When a call is established in one rate period and ends in another, the rate in effect in each rate period applies to the portion of the call occurring within that rate period.

LONG DISTANCE

IMPORTANT

All Poka Lambro Exchanges All Long Distance Calls Can Be Dialed Direct.

Here's How:

STATION-TO-STATION CALLS

This is **Not New**, but it is still the fastest and easiest way to call long distance. Just dial 1 + the area code + the number.

Example:

1 + Area Code + Phone Number
303 835-4499

1 + calls go through at economical station-to-station rates.

THESE ARE OPERATOR-ASSISTED CALLS- 0 + DIALING.

Person-to-Person, Calling Card, Collect, and Third Number Billing.

You can dial these calls by dialing 0 + instead of 1 +. Just dial 0 (zero) + area code + the number. The Operator will ask for the information to give your call special handling. While the Operator is talking with you, the call you have dialed is speeding through. It is a real time saver.

Example:

0 + Area Code + Phone Number
303 835-4499

When you dial a 0 + call, you have 5 seconds to begin dialing the area code and number or you will get the operator and she will instruct you to dial again.

If you should need operator assistance, dial 0 and wait 5 seconds for the ringing signal to start.

0 + calls can be **MADE** from other telephones and pay stations **within** all Poka Lambro Exchanges and **CHARGED** as you desire.

TYPES OF LONG DISTANCE CALLS

STATION-TO-STATION

Direct Distance Dialed (DDD) calls are station-to-station calls. Call station-to-station if you'll talk with anyone who answers. Rates are lower than for person-to-person calls and charging begins when the telephone you've called is answered.

PERSON-TO-PERSON

Call person-to-person when you wish to talk with a particular person or extension. Tell the Operator you wish to make a "person-to-person" call and give her the Area Code for the city you want, the telephone number, and the name of the person you are calling. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called.

COLLECT

You can call "collect" if the person or firm you're calling agrees to pay the charge. If you want to make a "collect" call, tell the Operator and give her the Area Code for the city you want and the telephone number.

CONFERENCE

You can talk with several people in different places at the same time. Contact your long distance carrier for assistance in setting up a conference call.

MOBILE, MARINE, AND OVERSEAS SERVICE

You can make Local and Long Distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service and to practically all the world's telephones. Some Mobile and Marine calls can be completed by dialing, others must be completed by the Operator. On overseas calls, dial Operator and ask for the Overseas Operator and give her the name of the country you're calling.

INWARD WATS

Station-to-station Long Distance calls may be made without charge to you to those customers who have Inward Wide Area Telephone Service. They offer this service to their customers calling from specific locations. Dial the access code plus Area Code 800 plus the special numbers of customers with this service. To reach Directory assistance for Inward WATS dial the Access Code plus Area Code 800 plus 555-1212.

TIME AND CHARGES

Customers, when placing calls, may request from the "OPERATOR" the amount of time charged to the call and costs associated with the call.

BILL TO THE THIRD NUMBER

Customers may place calls and transfer the charge to another telephone. This service requires "OPERATOR" assistance. The call may be either station-to-station or person-to-person.

COIN CALLS

From coin telephones, see the instruction card on or near the telephone, or dial "OPERATOR"

YOU WILL NOT BE CHARGED:

If you reach a wrong number. (Dial Operator and tell her. She'll see that you're not charged for the call.)

If the telephone you called is busy or does not answer. (A call received by an answering machine is an answered call).

If you hang up before dialing the complete number.

LONG DISTANCE

TYPES OF LONG DISTANCE CALLS - CONT'D

DIRECT DISTANCE DIALING

With Direct Distance Dialing (DDD), you can dial your own station-to-station long distance calls. To make Direct Distance Dialing possible, the nation has been divided into more than 120 geographic areas. Each area has its own three-figure "Area Code", (see map on page 4).

You probably can obtain the area code of the place you are calling by checking the map. If the map does not clearly show the area code you want, and it is not listed in the introductory pages of your directory, call the operator and she will give you the area code.

You can dial direct to almost any telephone with a seven-figure number.

If you need assistance in dialing direct be sure to let the operator know that you are unable to complete a DDD Call in order to get the DDD Rate.

FOR ONE PARTY EXCHANGES CALLING WITHIN YOUR AREA:

Dial "1" then Area Code, then the Telephone Number.

Example: To call 357-2195 in Amarillo, Dial "1" + Area Code + Telephone Number 806+357-2195.

FOR ONE PARTY EXCHANGES CALLING OUTSIDE YOUR AREA

Dial "1" then the area Code, then the Telephone Number.

Example: To call 268-1150 in Wichita, Kansas, Dial "1" + Area Code + Telephone Number:
(316) 268-1150

HOW TO REACH 800# DIRECTORY ASSISTANCE

All exchanges will dial 1 + Code "800" plus 555-1212.

"BUSY" SIGNALS AND "NO ANSWERS"

If you get a "busy" signal or if no one answers the telephone you are calling, hang up and try the call a little later. No charge is made on uncompleted calls. A call picked up by an answering machine is an answered call.

IF YOU NEED ASSISTANCE

If you are cut off, encounter difficulty in hearing or experience any other trouble, just dial "Operator" and report it to her. She will be glad to help you.

Charges are based upon rates in effect at the time of connection at the calling point. This also includes calls beginning in one rate period and ending in another.

ALASKA, HAWAII, CANADA, MEXICO AND OVERSEAS CALLS

The operator can provide you with station-to-station and/or person-to-person rate information.

INTERNATIONAL CALLS

If you have contracted with a company that provides you with international calling services, follow the dialing instructions they have provided for you. The instructions listed below are commonly used to complete international calls.

To place a direct-dial international call from an Easy Access Dialing location, dial:

011 + Country Code + City Code + local number

To place an operator-assisted call, dial:

TO CALL MEXICO

Most locations in Mexico can be reached by using the international dialing (011 +) instructions.

For example:

011 + Mexico Country Code (52) +

2-3 digit Long Distance Code +

7-8 digit Local Telephone Number

TEXAS NO CALL

Consumers in Texas may register with Texas No-Call, which prevents telephone solicitations to residential and wireless phone numbers from all telemarketers operating in Texas. Consumers may register for the Texas No-Call list in two ways:

1. Online at <http://www.texasnocall.com> for instant registration. The site is available 24 hours a day, 7 days a week, 365 days a year. **Online Registration is free.**
2. Complete the printable registration form found on the website and return via mail to: TEXAS NO CALL, 100 Summer Street Suite 800, Boston, MA 02110.

Your registered telephone number(s) will remain on the list for three years from the date your residential or wireless telephone number is first published on the list.

Texas consumers may want to consider registering with the National Do-Not-Call Registry since it covers national telemarketers and the Texas No-Call affects only telemarketers operating in Texas. The national and the Texas No-Call lists do not prevent all telemarketing calls from being received once a consumer is registered. Both registries contain exemptions on who can continue to telemarket to consumers. If you have questions or need additional information contact our office toll-free at 800-422-2387

NATIONAL NO-CALL LIST

The federal government and many states have created an opportunity for consumers to reduce unwanted telemarketing telephone calls. Consumers may register with the National Do Not Call Registry by telephone at 1-888-382-1222. (For TTY call 1-866-290-4236.) **You must call from the phone number you wish to register.** You may also register by Internet at www.donotcall.gov. Telemarketers should not call your number once it has been on the Registry for 31 days. Once consumers register on the national list, telemarketers must remove the registered consumer's name and number from their calling lists and cease calling. Your registration will not expire. Telephone numbers placed on the National Do Not Call Registry will remain on it permanently unless you call to remove it. The National Do Not Call Registry is a **free** service to consumers.

FCC CUSTOMER DO-NOT-CALL NOTICE

To address consumer concerns about unwelcome telemarketing calls, the Federal Communications Commission (FCC) and Federal Trade Commission (FTC) have established a national Do-Not-Call Registry. The registry applies to all telemarketers (with the exception of certain non-profit and political organizations) and covers both interstate and intrastate telemarketing calls. Commercial telemarketers are not allowed to call you if your number is listed on the registry.

You can register your phone number for free, and it will remain on the national Do-Not-Call Registry for five (5) years. You may re-enter your number onto the list when the five years have passed, and you may remove your name from the list at any time. The Do-Not-Call Registry will not prevent all unwanted calls. It does not cover the following:

- Calls from organizations with which you have established a business relationship;
- Calls for which you have given prior written consent;
- Calls which are not commercial or do not include unsolicited advertisements;
- Calls by or on behalf of tax-exempt non-profit organizations.

Consumers may register their residential telephone number, including wireless numbers, on the national Do-Not-Call Registry at no cost by telephone or on the Internet. To register by telephone, consumers may call 1-888-382-1222. For TTY call 1-866-290-4236. **You must call from the phone number you wish to register.** You may also register by Internet at www.donotcall.gov. Inclusion of your telephone number on the national Do-Not-Call Registry will be effective three (3) months following your registration.

DO-NOT-CALL SOLICITOR NOTIFICATION

As you are likely aware, the Federal Communications Commission (FCC) and the Federal Trade Commission (FTC) have established a national Do-Not-Call Registry. As part of the do-not-call initiative, the FCC requires us to notify customers who use our service for making telephone solicitations (telemarketing calls) regarding the national Do-Not-Call rules and regulations. We recognize that few of our customers use our services for telemarketing; however, because we do not have records indicating which customers may do telemarketing, we are contacting all business customers.

If you are a company, individual, or other entity that makes telemarketing calls, it is very important that you familiarize yourself with the operations of the national Do-Not-Call Registry as part of making telemarketing calls. Unless you fall under one of the exceptions established in the FCC/FTC rules (such as the exception for telemarketing by charitable organizations or for prior business relationships), you may not make telemarketing calls to numbers included in the national Do-Not-Call Registry. Before you rely on one of the exceptions, you should consult the rules. For information about the regulations, you may visit FCC telemarketing rules: http://transition.fcc.gov/cgb/policy/telemarketing_rules.pdf. Texas current no call rules: [http://puc.state.tx.us/agency/rulesnlaws/subrules/telecom/26.37/26.37.pdf](http://puc.state.tx.us/agency/rulesnlaws/subrules/telecom/26.37.pdf). For the Texas current no call rules: <http://puc.state.tx.us/agency/rulesnlaws/subrules/telecom/26.37/26.37.pdf>. You can find the FCC and FTC rules governing telemarketing and telephone solicitation, at 47 C.F.R. § 64.1200 AND 16.C.F.R. Part 310, respectively.

THE ABOVE STATEMENT DOES NOT PERTAIN TO YOUR NON-LISTED OR UNPUBLISHED NUMBER BEING PRINTED IN OUR TELEPHONE DIRECTORY OR WITH DIRECTORY ASSISTANCE.

APPLICANT DEPOSIT

1. **Establishment of Credit for Permanent Residential Applicants**
 - a. The Cooperative may require a residential applicant for service to satisfactorily establish credit, but such establishment of credit shall not relieve the subscriber from complying with rules for prompt payment of bills. The credit worthiness of spouses established during the last 12 months of shared service prior to their divorce, will be equally applied to both spouses for 12 months immediately after their divorce.
 - b. Subject to these rules, a residential applicant shall not be required to pay a deposit:
 - 1) If the residential applicant has been a subscriber of any utility for the same kind of service within the last two years and is not delinquent in payment of any such utility service account and during the last twelve (12) consecutive months of service did not have more than one occasion in which a bill for such utility service was paid after becoming delinquent and never had service disconnected for nonpayment; or
 - 2) If the residential applicant furnishes in writing a satisfactory guarantee to secure payment of bills for the service required; or

YOUR RIGHTS AS A CUSTOMER

- 3) If the residential applicant demonstrates a satisfactory credit rating by appropriate means, including, but not limited to, the production of generally acceptable credit cards, letters of credit reference, the names of credit references which may be quickly and inexpensively contacted by the Cooperative, or ownership of substantial equity.
 - 4) If the residential applicant is 65 years of age or older and does not have an outstanding account balance incurred within the last two years with the utility or another utility for the same type of utility service.
 - 5) Victim of family violence: The residential applicant has been determined to be a victim of family violence as defined in Texas Family Code 71.004, by a family violence center as defined in Texas Human Resources Code 51.002, by treating medical personnel, by law enforcement personnel, by the Office of a Texas District Attorney or County Attorney, by the Office of the Attorney General, or by a grantee of the Texas Equal Access to Justice Foundation. This determination shall be evidenced by submission of a certification letter developed by the Texas Council on Family Violence.
- 2. Reestablishment of Credit**
- Every applicant who previously has been a subscriber of the Cooperative and whose service has been discontinued for nonpayment of bills shall be required before service is rendered to pay all amounts due the Cooperative, or execute a deferred payment agreement, if offered.

- 4. Amount of Deposit and Interest for Permanent Residential, Commercial and Industrial Service and Exemption from Deposit.**
- a. The required deposit shall not exceed an amount equivalent to one-sixth (1/6) of the estimated annual billings.  - b. The Cooperative, when it requires deposits to be made by its subscribers, shall pay a minimum interest on such deposits at an annual rate of 1.36% for the year 2023. If refund of deposit is made within thirty (30) days of receipt of deposit, no interest payment is required. If the Cooperative retains the deposit more than (30) days, payment of interest shall be made retroactive to the date of deposit.
 - 1) Payment of interest to the subscriber shall be annually, or at the time the deposit is returned or credited to the subscriber's account.
 - 2) The deposit shall cease to draw interest on the date it is returned or credited to the subscriber's account.
- 5. Deposits for Temporary or Seasonal Service and for Weekend Services.**
- The Cooperative may require a deposit sufficient to reasonably protect it against the assumed risk for temporary or seasonal service, provided such policy is applied in a uniform and non-discriminatory manner.
- The Cooperative may require a deposit for weekend services sufficient to reasonably protect it against the assumed risk, provided such policy is applied in a uniform and non-discriminatory manner.
- These deposits shall be returned according to guidelines set out in subsection (7) Refund of Deposit.
- 6. Records of Deposits**
- a. The Cooperative shall keep records to show:
 - 1) The name and address of each depositor;
 - 2) The amount and date of the deposit; and
 - 3) Each transaction concerning the deposit.

If service is not connected or after disconnection of service, the Cooperative shall promptly and automatically refund the subscriber's deposit plus accrued interest or the balance, if any, in excess of the unpaid bills for service furnished. A transfer of service from one premise to another within the service area of the utility shall not be deemed a disconnection with the meaning of these rules, and no additional deposit may be demanded unless permitted by these rules.

If the subscriber does not meet these refund criteria the deposit and interest may be retained in accordance with subsection (4)(b)(1) above.
- 8. Complaint by Applicant or Subscriber**
- The Cooperative shall direct its personnel engaged in initial contact with an applicant or subscriber for service, seeking to establish or reestablish credit under the provisions of these rules, to inform the subscriber, if dissatisfaction is expressed with the Cooperative's decision, of the subscriber's right to file a complaint with the Commission thereon.

YOUR RIGHTS AS A CUSTOMER

TIME ALLOWED TO PAY OUTSTANDING BILLS

The member is responsible for payment of all charges for exchange service and equipment furnished the member and toll messages (including special service billing charges) originating at the member's station, and for all toll messages received at the member's station on which charges have been reversed with the consent of the person called.

All charges for local services and facilities are billed monthly in advance. Toll message service charges (including charges for special billing services) are due when billed.

Itemized toll statements are included in each bill. When warranted, in the judgement of the Manager, special bills for Long Distance charges may be rendered and are due and payable on demand.

All bills for local, toll and miscellaneous services are due and payable at the office of the Cooperative on or before the due date which is sixteen (16) days after issuance. A bill for telephone service is delinquent if unpaid by the due date. The postmark, if any, on the envelope of the bill, or issuance date on the bill, if there is no postmark on the envelope, shall constitute proof of the date of issuance. If the due date falls on a holiday or weekend, the due date for payment purposes shall be the next work day after the due date.

PRIVACY FOR 800-900 NUMBERS

Per-line or per-call blocking does not prevent transmission of your telephone number when you call a Company using an 800, 888, or 900 number. Therefore, your number may be available to that Company's service representative before your call is answered.

BILLING

Bills for telephone service shall normally be rendered monthly; shall show the period of time covered by the billings; and shall show a clear listing of all charges due and payable. Itemized toll statements shall be included in each bill. Subscriber billing sent through the United States mail shall be sent in an envelope.

GROUND FOR TERMINATION OF SERVICE BY THE COOPERATIVE

The Cooperative may disconnect telephone service after giving ten (10) days written notice to the member for:

1. Failure to pay a delinquent account for utility service or failure to comply with the terms of a deferred payment agreement;
2. Failure to establish and maintain credit within sixteen (16) days after the Cooperative has served or mailed notice requiring the member to do so;
3. Failure of the member to reimburse, or make good to the Cooperative, a check or moneys not honored by the bank on which issued;
4. Violation of the Cooperative's rules as pertaining to the use of the service in a manner which interferes with the service of others, or the operation of nonstandard equipment, if a reasonable attempt has been made to notify the member and the member is provided with a reasonable opportunity to remedy the situation;

5. Failure to comply with deposit or guarantee arrangements where required;
6. Without notice where a known dangerous condition exists for as long as the condition exists;
7. For tampering with the Cooperative's equipment;
8. Failure to pay the account of another member as guarantor thereof if the member has signed a guarantee as a precedent to service;
9. Unless a dangerous condition exists, or unless the member requests disconnection, service shall not be disconnected on a day, or on a day immediately preceding a day, when personnel of the Cooperative are not available to the public for the purpose of making collections and reconnecting service.

The Cooperative may suspend or terminate telephone service to any persons, firm, or corporation who obtains, attempts to obtain, or assists another to obtain local or long distance message telecommunications service; by rearranging, tampering with, or making connection with any facilities of the Cooperative by any trick, scheme, false representation, or false credit device, or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment in whole or in part, of the regular charge for such service.

The Cooperative may disconnect, without advance notice, the telephone service used by a member in connection with a plan or contrivance to secure a large volume of telephone calls to be directed to such member or the telephone of any designated member at or about the same time, resulting in preventing, obstructing or delaying phone service of others.

The Cooperative may suspend or terminate telephone service to any persons, firm, or corporation who, over the facilities furnished by the Cooperative, uses or permits to be used foul, abusive, obscene or profane language, or impersonates or permits others to impersonate any other individual with fraudulent or malicious intent, or uses or permits their telephone to be used to make nuisance calls.

Services and facilities will not be furnished, or if being furnished by the Cooperative, will be discontinued to any person, firm or corporation, if any law enforcement agency, acting within its jurisdiction, advises that such service is being, or will be used in violation of the law.

STEPS THAT MUST BE TAKEN BEFORE THE COOPERATIVE MAY TERMINATE SERVICE

In the event of failure by the member or those otherwise responsible to pay any regular bill or any part thereof, the Cooperative may discontinue service if the bill has not been paid or a deferred payment agreement entered into within twenty-six (26) days from the date of issuance if proper notice has been given. Proper notice shall consist of a separate mailing or hand delivery at least ten (10) days prior to a stated date of disconnection. If mailed, the cutoff day may not fall on a holiday, or weekend, but shall fall on the next work day after the tenth day.

The Telephone Company may not suspend or disconnect service at the permanent residence of a delinquent customer if that customer establishes that such action will prevent the customer from summoning emergency medical help for someone who is seriously ill residing at that residence. Each time a customer seeks to avoid suspension or disconnection

YOUR RIGHTS AS A CUSTOMER

of service for this reason, the customer before the date of suspension or disconnection shall;

- a. have the person's attending physician (for purposes of this subsection, the term "physician" shall mean any public health official, including, but not limited to, medical doctors, doctors of osteopathy, nurse practitioners, registered nurses, and any other similar public health official) contact the Telephone Company by the stated date of disconnection;
- b. have the person's attending physician submit a written statement to the Telephone Company; and
- c. enter into a deferred payment plan.

The prohibition against suspension or disconnection provided in this section shall last 63 days from the issuance of the Telephone Company's bill or a shorter period agreed upon by the Telephone Company and the customer or physician.

HOW TO RESOLVE BILLING DISPUTES WITH THE COOPERATIVE AND HOW DISPUTES AFFECT TERMINATION OF SERVICE

The Cooperative may decline to serve an applicant until such applicant has complied with the approved rules and regulations of the Cooperative on file with the Commission governing the service applied for, or for the following reasons:

1. If the applicant's installation or equipment is known to be hazardous or of such character that satisfactory service cannot be given.
2. If the applicant is indebted to any telephone company for the same kind of service as that applied for: provided however, that in the event the indebtedness of the applicant for service is in dispute, the applicant shall be served upon complying with the deposit requirement as provided in the Cooperative's tariff.
3. For refusal to make a deposit if applicant is required to make a deposit as provided in the Cooperative's tariff.

Failure to receive a bill and disconnect notice does not relieve the member of the responsibility for payment in accordance with the provisions set forth in the Cooperative's Tariff.

If billings for telephone services are found to differ from the Cooperative's lawful rates for the services being purchased by the member, a billing adjustment shall be calculated by the Cooperative.

If a member is due a refund, an adjustment shall be made for the entire period of overcharges.

If the member was undercharged, the Cooperative may back bill the member for a period not to exceed six (6) months from the date the Cooperative initially notifies the member of the amount of undercharge and the total additional amount that will be due. Said amount shall be added to the next regular billing. If the underbilling is \$25.00 or more, the Cooperative shall offer to such member a deferred payment plan option, for the same length of time as that of the underbilling.

If the member questions any long distance charges, the particular calls in question may be deducted from the bill, upon notification to the Cooperative, until the charges have been verified or adjusted. The balance of the bill is due and payable by the due date.

900 PAY PER CALL SERVICES

Below is some information to assist you with any 900 pay-per call services that might appear on your bill.

- For a 60 day period from the date your telephone service is activated, you may request free blocking of 900 calls from your phone. After the 60-day "grace period", 900 call-blocking will be available for a fee.
- You have 60 days after receiving a bill to dispute 900 pay-per-call errors. While the errors are in review, you have the right to withhold payment for the disputed charges, and no collection activity will be brought against you for those charges. (If the charges are found legitimate, the long distance carrier may start a collection process against your account.)
- Your local and/or long distance service cannot be disconnected if you fail to pay your 900 charges. (If you do not pay legitimate 900 charges, the carrier has the right to block your 900 access.)
- You should not be billed for pay-per-call services that do not comply with federal laws and regulations.

If you have any questions about 900 pay-per-call service, please contact our office toll free at 1-800-422-2387.

DEFERRED PAYMENT PLAN OFFERED BY THE COOPERATIVE

The Cooperative shall offer, upon request, a deferred payment plan to any residential member who has demonstrated a good faith ability to pay a reasonable portion but not all of his/her bill, if that member has not previously been delinquent at any time during the preceding twelve (12) months and shall not refuse a member participation in such a program on the basis of race, color, creed, sex, or marital status.

If a member has not fulfilled the terms of a deferred payment agreement, the Cooperative shall have the right to disconnect pursuant to disconnection rules and shall not be required to offer subsequent negotiation of a deferred payment agreement prior to disconnection.

STEPS NECESSARY TO HAVE SERVICE RECONNECTED AFTER INVOLUNTARY TERMINATION

Service will not be restored unless or until all amounts due on the due date are paid in full including restoration of service charges or a deferred payment plan entered into.

The Cooperative may request the member to submit cash, money order or cashier's check in payment of bill and reconnection charges and not accept a personal check or monies not guaranteed when the history of a member account warrants such action.

No allowance will be made for loss of service during the period service is disconnected for nonpayment, if payment is made and service reconnected before the completion of an order to terminate the service.

PREPAID LOCAL TELEPHONE SERVICE

Poka Lambro offers Prepaid Local Telephone Service, or PLTS, which gives eligible customers an opportunity to manage outstanding telephone balances. PLTS is available as a one-time option for eligible customers. If you are a residential customer whose service has been suspended or disconnected for non-payment of charges, and you have never received PLTS from Poka Lambro, you can subscribe to PLTS.

PLTS customers receive flat rate basic local telephone service with touch tone, access to 911, access to Poka Lambro's repair and business services offices, a white page directory listing or non-published service if requested, and toll blocking. The charges for these services will be at Poka Lambro's tariffed rates. Applicable surcharges or fees must also be paid. Normal service connection and restoral fees may apply. PLTS customers must make an advance payment for up to two months of PLTS service and any applicable service charges. Subsequent payments are billed one month in advance, and must be paid by the due date.

PLTS does not include long distance calling, collect calling, access to directory assistance, or access to usage sensitive services, such as call return, call trace, and auto redial. Other services provided by Poka Lambro are not available to PLTS customers.

PLTS service will be disconnected immediately without notice for violation of the PLTS requirements and the customer will not be eligible for PLTS service again with Poka Lambro.

A PLTS customer can return to basic local telephone service when the customer has a zero balance on the PLTS account and has paid all outstanding debt owed to Poka Lambro including toll charges.

Eligible customers may subscribe to PLTS or obtain further information by contacting Poka Lambro business office at 1-800-422-2387 during normal business hours.

REQUIRED DIRECTORY & NEW CUSTOMER NOTICE LANGUAGE

("Slamming")

I. SELECTING A TELEPHONE COMPANY - YOUR RIGHTS AS A CUSTOMER

Telephone companies are prohibited by law from switching you from one telephone service provider to another without your permission, a practice commonly known as "slamming."

If you are slammed, Texas law requires the telephone company that slammed you to do the following:

1. Pay, within five business days of your request, all charges associated with returning you to your original telephone company.
2. Provide all billing records to your original telephone company within 10 business days of your request.
3. Pay, within 30 days, your original telephone company the amount paid you would have paid if you had not been slammed.
4. Refund to you, within 30 business days, any amount you paid for charges during the first 30 days after the slam and any amount more than what you would have paid your original telephone company for charges after the first 30 days following the slam.

Your original telephone company is required by law to provide you with all the benefits, such as frequent flyer miles, you would have normally received for your telephone use during the period in which you were slammed.

If you have been slammed, you can change your service immediately back to your original provider by calling the alleged unauthorized telecommunications provider. You should also report the slam by writing or calling the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, (512) 936-7120 or in Texas (toll-free) 1 (888) 782-8477, fax: (512) 936-7003, e-mail address: customer@puc.texas.gov. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at 1-(512)-936-7136.

You can prevent slamming by requesting a preferred telephone company freeze from Poka Lambro. With a freeze in place, you must give formal consent to "lift" the freeze before your phone service can be changed. A freeze may apply to local toll service, long distance service, or both. The Public Utility Commission of Texas can give you more information about freezes and your rights as a customer.

For more information you may contact the business office at 800-422-2387.

II. CHARGES ON YOUR TELEPHONE BILL - YOUR RIGHTS AS A CUSTOMER

Placing charges on your phone bill for products or services without your consent is known as "cramming" and is prohibited by law. Your telephone company may be providing billing services for other companies, so other companies' charges may appear on your telephone bill.

If you believe you were "crammed," you should contact the

YOUR RIGHTS AS A CUSTOMER

telephone company that bills you for your telephone service, Poka Lambro Telephone Coop at 1-800-422-2387 and request that it take corrective action. The Public Utility Commission of Texas requires the billing telephone company to do the following within 45 calendar days of when it learns of the unauthorized charge:

- Notify the service provider to cease charging you for the unauthorized product or service;
- remove any unauthorized charge from your bill;
- refund or credit all money to you that you have paid for an unauthorized charge; and
- on your request, provide you with all billing records related to any unauthorized charge within 15 business days after the charge is removed from your telephone bill.

If the company fails to resolve your request, or if you would like to file a complaint, please write or call the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, (512) 936-7120 or toll-free in Texas at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. Your phone service cannot be disconnected for disputing or refusing to pay unauthorized charges.

You may have additional rights under state and federal law. Please contact the Federal Communications Commission, the Attorney General of Texas, or the Public Utility Commission of Texas if you would like further information about possible additional rights.

TELEPHONE SOLICITATION

Texas law provides certain protections for a person who received a telephone solicitation at a residence.

A telephone solicitor must:

- Identify himself or herself by name; identify the business on whose behalf he or she is calling; identify the purpose of the call; and identify the telephone number at which the person, Company, or organization making the call may be reached.
- A telephone solicitor may not call a residence before 9:00 a.m. or after 9:00 p.m. on a weekday or Saturday or before noon or after 9:00 p.m. on Sunday.
- If a telephone solicitor used an automatic dialing/announcing device, the machine must disconnect from your line within 5 seconds after termination of the call.
- Exceptions: The requirements above do not apply to telephone solicitations made at your request, or solicitations made in connection with an existing debt or contract, or calls from a telephone solicitor with whom you have a prior or existing business relationship.
- If you use a credit card to purchase consumer goods or a service from a telephone solicitor other than a public charity (an organization exempt from federal income tax under the Internal Revenue Code, 501 (c) (3), the seller must:
- Offer a full refund for the return of undamaged and unused goods within seven days after you receive the goods or service (the seller must process the refund within 30 days after you return the merchandise or cancel your order for undelivered goods or service); or
- Provide you with a written contract fully describing the goods or service being offered, the total price charged, the name, address and business phone of the seller, and any terms and conditions affecting the sale.

Complaints: The Attorney General of Texas investigates complaints relating to a violation of this law, which is found at the Business and Commerce Code Chapter 37. If you have a complaint about a telephone solicitor whom you believe has violated this law, contact: Consumer Protection Division, Office of the Attorney General of Texas, P.O. Box 12548, Austin, Texas 78711-2548, hotline 1-800-621-0508.

Another law, found at Public Utility Regulatory Act 55.151 and 55.152, requires a telephone solicitor to make every effort not to call a consumer who asks not to be called again. Complaints relating to a violation of this law are investigated by the Public Utility Commission of Texas. If you have a complaint about repeated solicitation from a telephone solicitor you have asked not to call you again, contact: Office of Customer Protection, Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, (512) 936-7120 or 1-888-782-8477. Hearing and speech impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136.

Be advised that you may have additional rights under federal law. Please contact Federal Trade Commission or the Federal Communications Commission for further information on these additional rights.

Customers have the right to continue to receive local service as long as full payment for local service is timely made. Customer bills will identify basic local charges for which payment must be received in full in order to avoid disconnection of local service. The Telephone Company may disconnect your basic local service after proper notification due to: (1) failure to pay tariffed charges for local telecommunications services (defined as "basic service charges" on your bill) or make deferred payment arrangements by the date of suspension or disconnection; (2) failure of a residential customer to pay long distance charges incurred after toll blocking was imposed; (3) failure of a non-residential customer to pay long distance charges only where the Telephone Company bills those charges to the customer pursuant to its tariffs or billing and collection contracts, or make deferred payment arrangements by the date of suspension or disconnection; (4) failure to comply with the terms of a deferred payment agreement; (5) violation of the Telephone Company's rules on the use of service in a manner which interferes with the service of others or the operation of nonstandard equipment, if a reasonable attempt has been made to notify the customer and the customer has a reasonable opportunity to remedy the situation; (6) failure to pay a required deposit; (7) failure of the guarantor to pay the amount guaranteed, when the Telephone Company has a written agreement, signed by the guarantor, that allows for disconnection of the guarantor's service for nonpayment.

to provide dependable area-wide service on the cooperative plan and at the lowest cost consistent with sound economy and good management.

**BY-LAWS
Of
POKA LAMBRO TELEPHONE COOPERATIVE, INC.**

**ARTICLE I
MEMBERSHIP**

SECTION 1. Requirements for Membership. Any eligible person, firm, association, corporation, or body politic or subdivision thereof may become a member of Poka Lambro Telephone Cooperative, Inc., (hereinafter called the "Co-op") by:

- (a) Making a written or electronic application for membership therein;
- (b) Agreeing to purchase from the Cooperative such telecommunications and/or information services as may be specified in policy by the Board;
- (c) Agreeing to comply with and be bound by the articles of incorporation and bylaws of the Co-op and any rules and regulations adopted by the Board of Directors (hereinafter called the "Board"); and
- (d) Agreeing to pay the membership fee hereinafter specified on uniform terms and conditions established by the Board;

provided, however, that agreement to pay or payment of the membership fee in accordance with the provisions of these bylaws by a landlord on behalf of an applicant for membership who is a tenant occupying premises owned by such landlord and served by the Co-op shall constitute compliance by such application with subdivision (d) of this section; and provided further, however, that no person, firm, association, corporation or body politic or subdivision thereof shall become a member unless and until he or it has been accepted for membership by the Board or the members. No member may hold more than one membership in the Co-op, and no membership shall be transferable, except as provided in these bylaws.

Beginning six months after the date of incorporation, all applications received more than thirty days prior to each meeting of the members which have not been accepted or which have been rejected by the Board shall be submitted by the Secretary to such meeting, and subject to compliance by the applicant with the requirements hereinabove set forth, any such application may be accepted by vote of the members. The Secretary shall give each such applicant at least ten days written notice of the date of the members meeting to which his application will be submitted and such applicant shall be entitled to be present and heard at the meeting.

Eligibility. No local exchange carrier, interchange carrier, nor any telecommunications entity is eligible for membership, except to the limited extent of that entity's purchase of end user retail service for its own administrative use. Not eligible for membership, or patronage capital credits, will be an entity's purchase of the Cooperative's access service (i.e., interconnection fees, local, intra or inter exchange toll access, etc.), payment of telecommunications support fees, nor any of the Cooperative's services which are purchased for resale to third parties or end users.

SECTION 2. Membership Certificates. Membership in the Co-op shall be evidenced by a membership certificate which shall be in such form and shall contain such provisions as shall be determined by the Board. Such certificate shall be signed by the President and by the Secretary and the corporate seal be affixed thereto. No membership certificate shall be issued for less than the membership fee fixed in these bylaws, nor until such membership fee has been fully paid for. In case a certificate is lost, destroyed or mutilated a new certificate may be issued therefore upon such uniform terms and indemnity to the Co-op as the Board may prescribe.

SECTION 3. Joint Membership. A husband and wife may apply for joint membership and, subject to their compliance with the requirements of Section 1 of this Article, may be accepted for such membership. The term "member" as used in these bylaws shall be deemed to include a husband and wife holding a joint membership and any provisions relating to the rights and liabilities of membership shall apply equally with respect to the holders of a joint membership. Without limiting the generality of the foregoing, the effect of the hereinafter specified actions by or in respect of the holders of a joint membership shall be as follows:

- (a) The presence at a meeting of either or both shall be regarded as the presence of one member and shall constitute a joint waiver of notice of the meeting;

- (b) The vote of either separately or both jointly shall constitute one joint vote;
- (c) A waiver of notice signed by either or both shall constitute a joint waiver;
- (d) Notice to either shall constitute notice to both;
- (e) Expulsion of either shall terminate the joint membership;
- (f) Withdrawal of either shall terminate the joint membership;
- (g) Either but not both may be elected or appointed as an officer or director, provided that both meet the qualifications of such office.

SECTION 4. Organizational Memberships. A non-natural entity or organization may apply or continue membership in the Cooperative pursuant to the requirements for membership specified in Section 1 of this Article. Any such non-natural person accepted, or continuing membership, must designate to the Cooperative an individual to represent its voting interests in any meeting of members or any otherwise needed representation of that membership's interests.

SECTION 5. Conversion of Membership. (a) A membership may be converted to a joint membership upon written request to the holder thereof and the agreement by such holder and his or her spouse to comply with the articles of incorporation, bylaws, and any rules and regulations adopted by the Board. The outstanding membership certificate shall be surrendered, and shall be reissued by the Co-op in such manner as shall indicate the changed membership status. (b) Upon the death of either spouse who is a party to the joint membership, such membership shall be held solely by the survivor. The outstanding membership certificate shall be surrendered, and shall be reissued in such a manner as shall indicate the changed membership status, provided, however, that the estate of the deceased shall not be released from any debts due the Co-op.

SECTION 6. Membership and Service Connection Fees. The membership fee shall be Fifty (\$50.00) dollars, upon the payment of which a member shall be eligible for one service connection. Additional fees shall be paid for each additional connection, extension, and other available service in accordance with the rules and regulations prescribed by the Board.

SECTION 7. Purchase of Service. Each member shall, as soon as service is available, take service from the Cooperative and shall pay therefore monthly at rates in accordance with established tariffs as fixed by the Board. It is expressly understood that amounts paid for service in excess of costs are furnished by members as capital and each member shall be credited with the capital so furnished as provided in these bylaws. Each member shall also pay all amounts owed by him to the Cooperative as and when the same become due and payable. Telecommunications services shall be provided to the member by the Cooperative utilizing the type of technology and/or facilities, as determined by the Cooperative, to provide the best balance of reliability, quality of service, and cost effectiveness.

SECTION 8. Termination of Membership.

- (a) Any member may withdraw from membership upon compliance with such uniform terms and conditions as the Board may prescribe. A member who fails to comply with any of the provisions of the articles of incorporation, bylaws, or any rules or regulations adopted by the Board may be expelled by an affirmative vote of not less than two-thirds of the Board of Directors, such member shall have been given written notice by the Cooperative that such failure makes him liable to expulsion and if such failure shall have continued for at least ten days after such notice was given. Any expelled member may be reinstated by vote of the Board or by vote of the members at any annual or special meeting. The membership of a member, who has not permitted the installation of service within ninety (90) days after he has been notified service is available to him, may be cancelled by resolution of the Board.
- (b) Upon the withdrawal, death, cessation of existence, expulsion of a member, or a member discontinuing to receive service from the Cooperative, the membership of such member shall terminate, and the membership certificate of such member shall be surrendered to the Cooperative. Termination of membership in any manner shall not release a member or his estate from any debts due the Co-op.
- (c) If a membership fee has been paid by a landlord on behalf of his tenant, upon the removal of such tenant from the premises of the landlord, the membership of such tenant shall terminate.
- (d) Following termination of membership for any reason, the Cooperative shall repay to the member the amount of membership paid plus any additional credits, less any debts or obligations the member may have by issuing a check made payable to the member and mailed to the member's last known address as reflected on the records of the Cooperative, in accordance with the Cooperative's capital credit allocation and distribution policies and procedures. Any membership fee that remains unclaimed, unpaid, or undelivered is handled pursuant to these bylaws and the State of Texas' escheat laws under the Texas Property Code.
- (e) Members shall have the right to donate any unclaimed funds, membership fee or other, to the Cooperative's established rural scholarship fund.

ARTICLE II RIGHTS AND LIABILITIES OF MEMBERS

SECTION 1. **Property Interest of Members.** Upon dissolution, after

- (a) all debts and liabilities of Cooperative shall have been paid, and
- (b) all capital furnished through patronage shall have been retired as provided in these bylaws, and
- (c) all membership fees shall have been repaid, the remaining property and assets of the Cooperative shall be distributed among the members and former members in proportions which the aggregate patronage of each bears to the total patronage of all members during the ten years next preceding the date of the filing of the certificate of dissolution.

SECTION 2. **Non-Liability for Debts of the Co-op.** The private property of the members shall be exempt from execution or other liability for the debts of the Co-op and no members shall be liable or responsible for any debts or liabilities of the Co-op.

SECTION 3. **Contract Principles.** The Members and Patrons of the Cooperative, by dealing with the Cooperative, acknowledge that the terms and provision of the Articles of Incorporation and Bylaws shall constitute and be a contract between the Cooperative and each Patron, and both the Cooperative and the Patrons are bound by such contract, as fully as though each Patron had individually signed as a separate instrument containing such terms and provisions.

SECTION 4. **Address Notification.** It shall be the duty of the Patron at all times to provide to the Cooperative the Patron's current mailing address, and to keep the Cooperative notified of any change thereto. This duty continues whether the service to the Patron has been terminated, the Patron has moved off of the system, or the Patron has moved out of the service area of the Cooperative.

ARTICLE III MEETING OF MEMBERS

SECTION 1. **Annual Meeting.** The annual meeting of the members shall be held during the month of March of each year beginning with the year 1970 at such place within a county served by the Cooperative, as selected by the Board and which shall be designated in the notice of the meeting, for the purpose of electing Board members, passing upon reports for the previous fiscal year and transacting such other business as may come before the meeting. It shall be the responsibility of the Board to make adequate plans and preparations for the annual meeting. Failure to hold the annual meeting at the designated time shall not work a forfeiture or dissolution of the Cooperative.

SECTION 2. **Special Meeting.** Special meeting of the members shall be called by resolution of the Board, upon a written request signed by any three directors, by the President, or by not less than 200 members or ten per centum of all the members, whichever shall be the lesser, and it shall thereupon be the duty of the Secretary to cause notice of such meeting to be given as hereinafter provided. Special meeting of the members may be held at any place within the County of Lynn, State of Texas, specified in the notice of special meetings.

SECTION 3. **Notice of Members' Meetings.** Written notice stating the place, day and hour of the meeting, and in case of special meeting or an annual meeting at which business requiring special notice is to be transacted, the purpose or purposes for which the meeting is called, shall be delivered not less than ten (10) days nor more than twenty-five (25) days before the date of the meeting, either personally or by mail, by or at the direction of the Secretary, or upon a default in duty by the Secretary, by the persons calling the meeting, to each member. If mailed, such notices shall be deemed to be delivered when deposited in the United States mail, addressed to the member at his address as it appears on the records of the Cooperative, with postage thereon paid. The failure of any member to receive notice of annual or special meeting of the members shall not invalidate any action which may be taken by the members at any such meeting.

SECTION 4. **Quorum.** As long as the total number of members does not exceed five hundred, ten per centum of the total number of members present in person shall constitute a quorum. In case the total number of members shall exceed five hundred, fifty members or two per centum of the members present in person, whichever shall be the larger, shall constitute a quorum. If less than a quorum is present at any meeting, a majority of those present in person may adjourn the meeting from time to time without further notice. The minutes of each meeting shall contain a list of the members present in person.

SECTION 5. **Voting.** Each member shall be entitled to only one vote upon each matter submitted to a vote at a meeting of the members. All questions shall be decided by vote of a majority of the members voting thereon except as otherwise provided by law, the articles of incorporation, or these bylaws. Multiple choice issues or determinations shall be decided by a plurality vote. In no event shall any individual, utilizing any combinations of that individual's single membership, or as a representative of a non-natural person entity, be entitled to cast more than three (3) votes on any issue submitted to a vote at a meeting

of the members.

SECTION 6. Order of Business. The order of business at the annual meeting of the members and, so far as possible, at all other meetings of the members, shall be essentially as follows, except as otherwise determined by the members at such meeting:

- (1) Report on the number of members present in person in order to determine the existence of a quorum.
- (2) Reading of the notice of the meeting and proof of the due publication or mailing thereof, or the waiver or waivers of notice of the meeting, as the case may be.
- (3) Reading of unapproved minutes of previous meetings of the members and the taking of necessary action thereon.
- (4) Presentation and consideration of reports of officers, directors, and committees.
- (5) Election of Directors.
- (6) Unfinished Business.
- (7) New Business.
- (8) Adjournment.

ARTICLE IV DIRECTORS

SECTION 1. General Powers. The business and affairs of the Co-op shall be managed by a Board of seven directors which shall exercise all of the powers of the Co-op except such as are by law, the articles of incorporation or by these laws conferred upon or reserved to the members.

SECTION 2. Election and Tenure of Office. The members of the Board of Directors shall be elected by secret ballot, mail ballot, or electronic ballot at each annual meeting of the members by and from the membership in accordance with the procedures as hereinafter described; and each Board member elected shall represent one of the seven districts of the Cooperative service area as defined in Section 3, Article IV, of the bylaws and shall serve for a term of three (3) years, except as hereinafter provided, or until their successor shall have been elected and qualified.

The Board members representing Districts 3, 5, and 7, whose terms expire in 1976, shall be elected for a three-year term to serve until the annual meeting of the members to be held in the year of 1979 or until their successors shall have been elected and qualified.

The Board member representing District 1, whose term expires in 1976, shall be elected for a two-year term to serve until the annual meeting of the members to be held in the year of 1978 or until his successor shall have been elected and qualified.

The Board members representing Districts 2 and 6, whose terms expire in the year 1977, shall be elected for a three-year term to serve until the annual meeting of the members to be held in the year 1980 or until their successors shall have been elected and qualified.

The Board member representing District 4, whose term expires in the year 1977, shall be elected for a one-year term to serve until the annual meeting of the members to be held in the year 1978 or until his successor shall have been elected and qualified.

Thereafter, at each annual meeting of the members, Board members shall be elected for a three-year term to fill the vacancies caused by the expiration of the incumbent directors' terms of office.

If an election of directors shall not be held on the date designated herein for the annual meeting, or any adjournment thereof, a special meeting shall be held for the purpose of electing directors within a reasonable time thereafter. Directors may be elected by the plurality vote of the members.

In any year in which any of the nominees, as determined in Article IV, Section 4, do not have formal challenges for the position after the posted deadline for nominating petitions and prior to the date of the annual meeting, the Secretary may certify to the Board of Directors that the election for that district for that year is uncontested. The membership for that district shall have been deemed to have consented to the nominee. In the event that the Secretary certifies that the election is uncontested, the Board of Directors may, for that election year, declare the election uncontested and suspend the placing of that particular election on the ballot. The Secretary shall announce the certification at the annual meeting of the election by consent of the nominated director.

SECTION 3. Qualifications. The Cooperative area shall be divided into seven districts for the purpose of electing directors, one from each District, as follows:

- (a) The Board of Directors from time to time, but no less often than every ten (10) years, shall designate the boundaries for districts within the Cooperative's service area, from which directors shall be elected. In so doing, the Board shall consider principles of equitable representation as the population of members within the Cooperative's service area may change from time to time. Consideration and

approval of at-large directors is allowed if, in the opinion of the Board, it would best serve the best interests of the Cooperative. The Board shall give the Cooperative members notice of any district changes at least thirty (30) days prior to a director election. Notice may be by direct mail, bill insert, or the Cooperative newsletter.

- (b) No person shall be eligible for appointment or election to the Board of Directors or remain a director of the Cooperative who:
 - (1) is not a member presently in good standing;
 - (2) is not a bonafide resident of the district from which he or she is elected or appointed; or
 - (3) is in any way employed by or financially interested in competing enterprise or a business engaged in selling telephone service or supplies, or constructing or maintaining telephone facilities, other than a business operating on a Cooperative non-profit basis for the purpose of service rural telephones;
 - (4) has been adjudged guilty of a felony crime or a misdemeanor involving moral turpitude.
- (c) Upon establishment of the fact that a director is holding office in violation of any of the foregoing provisions, the Board of Directors shall remove such director from office. Nothing contained in this section shall affect in any manner whatsoever the validity of any action taken at any meeting of the Board of Directors.

SECTION 4. Nominations. It shall be the duty of the Board of Directors to appoint, not less than thirty (30) nor more than ninety (90) days before the date of the meeting of the members at which directors are to be elected, a committee on nominations consisting of not less than five (5) nor more than eleven (11) members who shall be selected from districts from which each director is to be elected, so as to insure equitable representation. No member of the Board may serve on such a committee. The committee, keeping in mind the principle of geographical representation, shall prepare and post at the principal office of the Cooperative at least twenty (20) days before the meeting a list of nominations for directors which shall include at least one candidate for each director to be elected and such candidates nominated for a director shall be a member of the Cooperative, and reside in the district for which a director is to be elected. Such districts as herein referred to are set forth in Article IV, Section 3 of these bylaws. Any fifteen (15) or more members acting together may make other nominations by petition not less than twenty (20) days prior to the membership meeting and Secretary shall post nominations at the same place where the list of nominations made by the committee is posted. The Secretary shall mail with the notice of the meeting, or separately, but at least ten (10) days before the date of the meeting, a statement of the number of directors to be elected and the names and addresses of the candidates, specifying separately the nominations made by the committee and the nominations made by the petition, if any. The ballot to be used at the election shall list the names of the candidates nominated by the committee and the nominations made by the petition, if any. The ballot to be used at the election shall list the names of the candidates nominated by the committee and the nominations made by the petition, if any.

SECTION 5. Director Discipline and Removal.

- (a) **Removal of Director by Members.** Any member may bring charges against a director and, by filing with the Secretary such charges in writing together with a petition signed by at least ten per centum of the members, or two hundred members, whichever is the lesser, may request the removal of such director by reason thereof. Such director shall be informed in writing of the charges at least ten (10) days prior to the meeting of the members at which the charges are to be considered and shall have an opportunity at the meeting to be heard in person or by counsel and to present evidence in respect of the charges; and the person or persons bringing the charges against him shall have the same opportunity. The question of the removal of such director shall be considered and voted upon at the meeting of the members and any vacancy created by such removal may be filled by the vote of the members at such meeting without compliance with the foregoing provisions with respect to nominations.
- (b) **Removal by the Board.** A Director may be removed for Cause, by a vote of two-thirds (2/3) of the remaining Directors, who are not subject to current challenge, at a regular or special board meeting called for such purpose. The Director shall be informed thereof in writing at least thirty (30) days in advance of the meeting at which such a vote is scheduled to take place, and shall have an opportunity to be heard in person or by counsel, at such meeting.
- (c) **Cause Defined.** Cause shall include: (1) a conviction or judicial determination involving a felony crime or a crime of moral turpitude; (2) becoming ineligible to serve due to failing to meet the qualifications of this Article; (3) violation of a director's fiduciary duty; or (4) the bringing of such disrepute or disparagement to the Cooperative by unacceptable personal conduct to warrant such discipline.
- (d) **Director Discipline.** The Board shall create a Special Committee to investigate a good faith complaint of a Director's conduct. The Committee shall be composed of the current Board President, or next highest officer if the current highest officer is subject of the complaint, and two (2)

other Directors selected by the Board. Following investigation, the Committee shall make its report to the full Board with recommendations, if any, of discipline of the affected Director. The affected Director shall not participate in the review except upon request by the Board, but the affected Director shall be given an opportunity to respond prior to the vote on any recommended action. Discipline action may range to include: (1) a verbal warning; (2) a written reprimand; (3) censure; (4) a reduction in director benefits, privileges or compensation; or (5) removal pursuant to subsection (b) of this section.

SECTION 6. Vacancies. Subject to the provisions of these bylaws with respect to the filling of vacancies caused by the removal of directors by the members, a vacancy occurring in the Board shall be filled by the affirmative vote of a majority of the remaining directors for the unexpired portion of the term, provided, however, that in the event the vacancy is not filled by the Board within sixty (60) days after the vacancy occurs, the members shall have the right to fill such vacancy at a meeting of the members without compliance with the foregoing provisions in respect of nominations.

SECTION 7. Compensation.

- (a) Board members shall not receive any salary for their services as such, except that members of the Cooperative, may, by resolution, authorize a fixed sum for each day or portion thereof spent on Cooperative business, such as attendance at meetings, industry-related conferences and training programs or performing committee assignments when authorized by the Board. If authorized by the Board, Board members may also be reimbursed for expenses actually and necessarily incurred in carrying out such Cooperative business or granted a reasonable per diem allowance in lieu of a detailed accounting for the sum of these expenses. Board members, who elect to participate, may be extended various forms of liability and accident insurance coverage, as well as participation in benefits in the same manner as provided to Cooperative employees, except benefits based on salary.
- (b) For the purpose of this Section, the Board will be reimbursed for actual reasonable expenses incurred in their service to the Cooperative as directors as follows:
 - (1) A fee not to exceed \$150.00 per day or part thereof plus transportation costs for attendance at each meeting of the Board and for committee meetings authorized by the Board,
 - (2) A fee not to exceed \$150.00 per day plus actual reasonable expenses for attendance at telephone industry meetings, seminars, training programs, and other meetings authorized by the Board. Actual expenses of registration fees, transportation costs, and hotel accommodations shall be paid by the Cooperative.
 - (3) All expense reporting by the Board shall be in compliance with Board policy, Internal Revenue Service regulations, and generally accepted accounting principles.
- (c) If the spouse of the director accompanies the director to the National Telephone Cooperative Association Members' Annual Meeting, the National Telephone Cooperative Association Members' Regional Meeting, the National Telephone Cooperative Association Managers' Seminar and Director Conference, the Texas Statewide Telephone Cooperative, Inc. Members' Annual Meeting, Texas Statewide Telephone Cooperative, Inc. Spring Managers' Conference, the director shall be reimbursed for the actual air fare of the spouse.
- (d) No Board member shall receive compensation for serving the Cooperative in any other capacity, nor shall any close relative of a Board member receive compensation for serving the Cooperative, unless the payment and amount of compensation shall be specifically authorized by a vote of the members or the service by the Board member or his close relative shall have been certified by the Board as an emergency measure. For the purpose of the Section 7, close relative includes a spouse, including common law spouse, child, parent, sibling, grandparent, grandchild, aunt, uncle, first cousin, or corresponding in-law or "step" relation or an individual who cohabitates with an employee without lawful marriage.

ARTICLE V MEETINGS OF DIRECTORS

SECTION 1. Regular Meetings. A regular meeting of the Board shall be held without notice, immediately after, and at the same place as, the annual meeting of the members. A regular meeting of the Board shall also be held monthly at such time and place as designed by the Board. Such regular monthly meeting may be held without notice other than such resolution fixing the time and place thereof.

SECTION 2. Special Meetings. Special meetings of the Board may be called by the President or by any three directors, and it shall thereupon be the duty of the Secretary to cause notice of such meeting to be given as hereinafter provided. The President or the directors calling the meeting shall fix the time and place for the holding of the meeting.

SECTION 3. Notice of Directors' Meetings. Written notice of the time, place and purpose of any special meeting of the Board shall be delivered to each Board member either personally, by electronics, or facsimile telephone transmission, or by mail, by or at the direction of the Secretary, or upon a default in duty by the Secretary, by

Poka Lambro Telephone Cooperative, Inc.

the President or one of the Board members calling the meeting. If mailed, such notice shall be deemed to be delivered when either transmitted or deposited in the United States Mail addressed to the Board member at his address as it appears on the records of the Cooperative, with postage thereon prepaid, at least five (5) days before the date set for the meeting.

SECTION 4. Quorum. A majority of the Board shall constitute a quorum, provided, that if less than such majority of the Board is present at said meeting, a majority of the Board present may adjourn the meeting from time to time; provided further, that the Secretary shall notify any absent Board members of the time and place of such adjourned meeting. The act of a majority of the Board members present at a meeting at which a quorum is present shall be the act of the Board, except as otherwise provided in these bylaws.

SECTION 5. Catastrophic Loss of Board Members. The loss of three (3) or more Board members arising from an event of natural or human origin shall be deemed a catastrophic loss of Board members. In the event of a catastrophic loss of Board members, the remaining Board members shall appoint, within one hundred twenty (120) days, individuals qualified to serve as Board members pursuant to Article IV, Section 6 hereof from each of the Districts which suffered a loss of a Board member, keeping in mind the principle of equitable geographic representation. Board members so appointed shall serve until the next annual meeting of the membership, at which time all Board positions appointed under this Section shall stand for election. In the event of a catastrophic loss wherein two (2) or less Board members remain, the remaining Board member(s), or if no Board remains, the highest ranking Cooperative staff member, shall call a special meeting of the membership within ninety (90) days of the occurrence of the vacancy to elect the applicable number of Board members to fill the vacant positions in accordance with all provisions of these bylaws wherein these specially elected Board member(s) shall serve until the next regularly scheduled annual meeting of the membership at which time all such appointed positions shall stand for election.

SECTION 8. Manager. The Board may appoint a manager who may be, but shall not be required to be, a member of the Co-op. The Manager shall perform such duties and shall exercise such authority as the Board may from time to time vest in him.

SECTION 9. Bonds of Officers. The Treasurer and any other officer or agent of the Co-op charged with responsibility for the custody of any of its funds or property shall give bond in such sum and with such surety as the Board shall determine. ARTICLE VII NON-PROFIT ORGANIZATION

SECTION 1. Capital Credits. The Cooperative shall allocate and redeem Capital Credits as provided in this Article.

SECTION 2. Interest or Dividends on Capital Prohibited. The Cooperative shall at all times be operated on a cooperative non-profit basis for the mutual benefit of its patrons. No interest or dividends shall be paid or payable by the Cooperative on any capital furnished by its patrons.

SECTION 3. Patronage Capital in Connection with Furnishing Telecommunications and Information Services (Patronage Business)

- (a) **Accounting for Capital.** In the furnishing of telecommunications and information services, the Cooperative's operations shall be so conducted that all Patrons will, through their patronage, furnish capital for the Cooperative. In order to induce Patrons and to insure that the Cooperative will be operated on a non-profit basis, the Cooperative is obligated to account on a patronage basis to all its Patrons, Members, and Non-Members alike, for all amounts received and receivable from and directly related to the furnishing of telecommunications and information services in excess of operating costs and expenses properly chargeable against the furnishing of such services hereinafter referred to as margins from patronage business. All such margins from patronage business at the moment of receipt by the Cooperative are received with the understanding that they are furnished by the Patrons as capital.
- (b) **Allocation of Capital Credits.** The Cooperative is obligated to pay by credits to a capital account for each Patron all margins from patronage business. The books and records of the Cooperative shall be set up and kept in such manner that at the end of each fiscal year the amount of capital, if any, so furnished by the Patron is clearly reflected and credited in an appropriate record to the capital account of each Patron, and the Cooperative shall within a reasonable time after the close of the fiscal year notify each Patron of the amount of capital so credited to the Patron's account. All such amounts credited to the capital account of any Patron shall have the same status as though it had been paid to the Patron in cash in pursuance of a legal obligation to do so and the Patron had then furnished the Cooperative corresponding amounts for capital.

If the costs and expenses exceed the amounts received and receivable from the furnishing of patronage business, hereinafter referred to as "loss," then the Board shall have the authority under accepted accounting practices and applicable tax law to prescribe the manner in which such loss shall be handled.

The Board has the authority to determine through policy which services are included in the definition of patronage business. The Board also has the authority to determine the kind, timing, method, and type of allocation; provided however, that such methods are fair equitable on the basis of patronage.

- (c) **Allocating Other Margins.** All other amounts received by the Cooperative in excess of costs and expenses, except those derived from patronage business, shall insofar as permitted by law, be used to offset any losses during the current or any prior fiscal year and, to the extent not needed for that purpose, either:
- (1) Allocated to its Patron on a patronage basis and any amount so allocated shall be included as part of the capital to be allocated to the accounts of the various classes of members in an equitable manner as approved by the Board, or
 - (2) Used to establish and maintain a non-operating margin reserve not assignable to Patrons prior to dissolution of the Cooperative.
- (d) **Redemptions by Board Discretion.** If, at any time prior to dissolution or liquidation, the Board shall determine that the financial condition of the Cooperative will not be impaired thereby, the capital then credited to Patrons' accounts may be retired in full or in part. All retirements of capital shall be at the discretion and direction of the Board as to kind, timing, method, and type of distribution; and whether such retirements are in full, part or subject to general discounts.
- (e) **Payments and Redemptions Upon Dissolution.** In the event of dissolution or liquidation of the Cooperative, after all outstanding indebtedness of the Cooperative shall have been paid, outstanding capital credits shall be retired without priority on a pro rata basis before any payments are made on account of property rights of Patrons.
- (f) **Capital Assignment.** Capital credited to the account of each Patron shall be assignable only on the books of the Cooperative, pursuant to written instruction from the assignor, and only to successors in interest, or successors in occupancy, in all or in a part of such Patrons' premises served by the Cooperative, unless the Board, acting under policies of general application, shall authorize other types of assignments. Patrons at any time may assign their capital credits back to the Cooperative and the Cooperative is authorized to negotiate capital credit settlement arrangements with bankrupt patrons.

Any attempt to assign or transfer the capital credited to the account of a Patron pursuant to state or federal law is subject to a right of first refusal vested in the Cooperative for a period of sixty (60) days following notice to the Cooperative of a proposed transfer of such capital to the extent the Cooperative meets any compensation terms of the proposed transfer.

- (g) **Redemptions Upon Death.** Notwithstanding any other provision of these Bylaws, the Board, at its discretion, shall have the power at any time upon the death of any natural Patron, or the dissolution or cessation of business by a non-natural person, if the legal representative of his

estate shall request in writing, that the capital credited to any such Patron be retired prior to the time such capital would be retired in a general retirement under provisions of these Bylaws; and, to retire capital credited to any such Patron immediately upon such terms, conditions, discounts or payouts as the Board, acting under policies of general application, and the legal representative of such Patron's estate shall agree upon; provided, however, that the financial condition of the Cooperative will not be impaired thereby.

- (h) **Minimum Accounts.** When the capital credits of any Patron no longer receiving service from the Cooperative comes to a total amount of less than a fixed sum determined by the Board of Directors, the same shall be retired in full with such retirements made only when and at the same time that a general retirement to other Patrons is made. During a general capital credit retirement, no checks shall be issued for less than a fixed amount determined by the Board, and the amount of such unretired capital credits will be retired in the first following year, when the total amount of capital credits qualifying for retirement exceeds that amount set by the Board, including the amount carried over.
- (i) **Tax Refunds.** All tax refunds made by the United States Government or any of the states in connection with the final or true cost of service as determined by the capital credits allocation process may be held and used by the Cooperative as furnished patronage capital and shall be treated in the same manner as furnished capital set out in this Section of these Bylaws.
- (j) **Debts Offset.** Regardless of statute of limitations or other time limitation, the Cooperative may recoup, offset, or set off any amount owed to the Cooperative by a Patron prior to payment of capital credits to the Patron or Patrons. Amounts so offset shall be together with interest thereon at the Texas legal rate on judgments in effect when such amount becomes past due, compounded annually.

SECTION 4. Patronage Capital Policies

- (a) **Policy Review.** The Board of Directors shall periodically review all policies with regard to the allocation of patronage capital to the members. The Board of Directors shall not allocate non-operating earnings or margins to Patrons, except in the event of dissolution of the Cooperative or when distributions or dividends are received by the Cooperative for a subsidiary corporation for the express purpose of allocating patronage to the Patrons.
- (b) **Allocation from Subsidiaries.** The Board of Directors may allocate patronage capital to eligible Cooperative members for dividends or distribution from the Cooperative's subsidiaries.
- (c) **Allocation Eligibility.** The Board of Directors may establish categories of membership that are not eligible for the allocation of patronage, and the Board shall not allocate any patronage capital on the basis of:
 - (1) purchase of telecommunication equipment;
 - (2) purchase of local access or toll services;
 - (3) purchase of any and all services for resale;
 - (4) payment of access charges, universal service fund support payments, any regulatory or legislative assessments; or
 - (5) payment of interconnection fee and charges

Nothing herein shall prevent the Cooperative from establishing subsidiaries that are wholly-owned by the Cooperative and operated as a separate cooperative or corporation, and whose margins or dividends shall be eligible for patronage allocation to the Cooperative's members in a reasonable, fair and equitable manner.

SECTION 5. Patronage Capital in Connection with Furnishing Other Services. In the event that the Cooperative should engage in the business of furnishing goods or services other than traditional telecommunications and information services, all amounts received and receivable there from which are in excess of costs and expenses properly chargeable against the furnishing of such goods or services shall, insofar as permitted by law, be prorated annually on a patronage basis and returned to those Patrons from whom such amounts were obtained at such time and in such order of priority as the Board shall determine. Any margins received by the Cooperative from subsidiaries or affiliates may be allocated or determined within the discretion of the Board of Directors as patronage credit or as permanent equity of the Cooperative.
